Public Comments

Glenn Diggs, of 220 Wellman Avenue, expressed his thanks for the budget which he feels should be supported, but believes the final FY20 number should be increased. He personally feels that a designated position should be added to address the Social Emotional and Counseling needs of the students. Based on new positions proposed in the Town budget, he believes there should be funding to support such a position for the schools. Dr. Lang and Mr. Diggs will meet soon to further discuss this option and review what is already in place to meet this need.

Hana Barker, of Newtown Way, asked if with the 1:1 initiative will include designated Chrome books as well. She was assured that this will happen by Dr. Lang. Regarding the reduction of two staff from McCarthy feels that these teachers should be kept as part of a four person team for the next school year. She believes that the students in eighth grade will be better served by four teachers each teaching the subject they are most experienced in teaching. She feels the students will be better prepared to start high school the following year. She would also like to see more discussion and planning for the $60,000 allocated for improvements in Communication and Media.

Maria Santos, 19 Parkhurst Road, expressed thanks to Mr. Diggs for his concern about the social and emotional needs. She would like to see a district presentation on how the social emotional learning needs of our students are met. Dr. Lang added that the newly hired Coordinator for Social Emotional Learning and Counseling Services will be coming to speak about the programs at an upcoming Committee meeting.

Re: MSBA Vote: Chelmsford High School Statement of Interest (SOI)

Below is the vote required by the Massachusetts School Building Authority to authorize the submission of a Statement of Interest by the April 12, 2019 deadline. I recommend the School Committee vote in the affirmative as follows:

**Recommended/Required Vote:**

Having convened in an open meeting on Tuesday April 9, 2019, prior to the closing date, the School Committee of Chelmsford, in accordance with its charter, by-laws, and ordinances, has voted to authorize the Superintendent to submit to the Massachusetts School Building Authority the Statement of Interest Form dated April 5, 2019 for Chelmsford High School located at 200 Richardson Road which describes and explains the following deficiencies and the priority category(s) for which an application may be submitted to the Massachusetts School Building Authority in the future, including the elimination of existing severe overcrowding; prevention of severe overcrowding expected to result from increased enrollments; replacement, renovation or modernization of school facility systems, such as roofs, windows, boilers, heating and ventilation systems, to increase energy conservation and decrease energy related costs in a school facility; and replacement of or addition to obsolete buildings in order to provide for a full range of programs consistent with state and approved local requirements; and hereby further specifically acknowledges that by submitting this Statement of Interest Form, the Massachusetts School Building Authority in no way guarantees the acceptance or the approval of an application, the awarding of a grant or any other funding commitment from the Massachusetts School Building Authority, or commits the City/Town/Regional School District to filing an application for funding with the Massachusetts School Building Authority.

RE: Amendment to the 2019-2020 School Calendar: Professional Development Days Change

On Tuesday, December 4, 2018, the School Committee voted on the 2019-2020 school calendar. This calendar included the designated professional development days in order for teachers to attend district workshops. When the professional development days were set for the 2019-2020 school calendar, the 2020 election calendar was not available. Since McCarthy Middle School is one of the town’s centralized voting buildings, professional development days are typically scheduled on election days to alleviate parking and traffic congestion that can potentially impact the function of the school day. We were recently informed of the established 2020 election calendar from the town clerk, and the March and April 2020 election days established, including a presidential primary, which do not align to the scheduled professional development days in the 2019-2010 school calendar.

After discussions with Dr. Lang and Principal McPhee, it was determined that we request of the School Committee a switch for two professional development half-days in March and April 2020, previously approved in the 2019-2020 school calendar, to be in alignment with the published 2020 election days. The proposed changes for the two affected professional development half-days previously scheduled are as follows:

- Move Thursday, March 12th to Tuesday, March 3rd (Presidential Primary)
- Move Wednesday, April 1st to Tuesday, April 7th (Town Election)

If you have any questions, please free to contact me to discuss this proposal.

Re: FY18 MA DESE End-of-Year Audit Report

On an annual basis, each school district in the Commonwealth of Massachusetts must have an external audit completed of their end-of-year financial report submitted to the Massachusetts Department of Elementary and Secondary Education (MA DESE). The Town of Chelmsford contracts with Powers & Sullivan, LLC. to perform its external audit responsibilities, therefore representatives of Powers & Sullivan, LLC. performed our external financial audit for the year ending June 30, 2018.

Attached please find a copy of the FY18 MA DESE financial audit report completed for the Chelmsford Public Schools as of June 30, 2018. I would like to take this opportunity to thank Joanna Johnson-Collins, Director of Business and Finance, for preparing and submitting the FY18 end-of-year financial report to MA DESE on behalf of the district.

As noted within the financial audit report, there are no financial findings or financial reporting recommendations from the external auditors.

INDEPENDENT ACCOUNTANTS’ REPORT ON APPLYING AGREED-UPON PROCEDURES OVER COMPLIANCE APPLICABLE TO MASSACHUSETTS SCHOOL DISTRICTS’ END-OF-YEAR FINANCIAL REPORT

To the Honorable Board of Selectmen
and the School Committee
Town of Chelmsford, Massachusetts

We have performed the procedures specified in the Massachusetts Department of Elementary and Secondary Education’s (DESE) Compliance Supplement applicable to Massachusetts School Districts to the End-of-Year Financial Report prepared by the Town of Chelmsford, Massachusetts (Town) for the year ended June 30, 2018. We performed these procedures solely to assist the Town and the DESE in evaluating the Town’s assertion that it has complied with the DESE requirements applicable to the preparation and filing of a Massachusetts School Districts’ End-of-Year Financial Report. The School District’s management is responsible for preparing the End-of-Year Financial Report. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report.

Consequently, we make no representation regarding the sufficiency of the procedures specified in the Massachusetts Department of Elementary and Secondary Education’s Compliance Supplement applicable to Massachusetts School Districts End-of-Year Financial Report for the purpose for which this report has been requested or for any other purpose.

No instances of noncompliance with agreed-upon procedures were noted.

We were not engaged to and did not perform an examination, the objective of which would be the expression of an opinion on the End-of-Year Financial Report. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Town and the DESE and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.

RE: Chelmsford High School Recommended Department Reductions

Over the past month, the Chelmsford High School (CHS) Building Leadership Team (BLT) has reviewed primary course request numbers to develop course sections. The high school principal, deans, and department coordinators conducted the necessary staffing exercises that provide the estimated section numbers for each course and grade numbers to build a final committed schedule. These course sections are used to build student schedules for each department and fulfill student course requirements towards graduation, while keeping a broad program that includes opportunities of choice and trialing of new content electives.

After review of primary course requests, the recommended class size max for each course level, section count, and primary requests as compared to school enrollment, the BLT has recommended the following reductions at CHS:

- one high school math teacher
- one high school fine arts teacher
- one high school history teacher

Below is the data that supports the reductions at CHS. In each scenario, the BLT was able to meet all requirements and keep comprehensive programming intact for each department and grade.

RE: Turf Field Revolving Fund (518) Update

I am writing to provide you with an update regarding the FY2019 revenue and expense projection of the turf field revolving fund (518). This revolving fund captures the revenue and expenses associated with two (2) turf fields, one at Chelmsford High School and the other at McCarthy Middle School.

The primary sources of revenue are from renting the fields to sports organizations (i.e. football, soccer, baseball, and lacrosse programs) and naming rights for one large sign at the McCarthy field. The primary expenses are the bond principal and interest payments. Mr. John Sousa, Town of Chelmsford Finance Director / Treasurer, kindly summarized the debt service activity funded by the revolving fund. The town borrowed $800,000 and issued an 11-year bond, with the principal being repaid over 10 fiscal years. At the end of FY2019, six years of the repayment schedule will be complete with five years remaining. The last payment will be in FY2024 to retire the bond.

The summary on the following page highlights the revenue and expense projection for FY2019 and for comparison, FY2018 financial information is provided. In FY2019, revenues are projected to total $114,807 and expenses to total $104,722. This is projected to build the revolving fund’s reserve by $10,085 at fiscal year end. Currently, the cumulative reserve (carry forward) totals $49,124.75. Adding the cumulative reserve to this year’s projected net gain will bring the reserve to $59,209.75 on June 30, 2019. In FY2018, revenues totaled $103,195 and expenses totaled $104,159.79. The difference of $964.79 was covered by the cumulative reserve, which at the beginning of FY2018 was $50,089.54.

I’d like to thank our Athletic Director, Dan Hart, for his work managing the turf fields and his assistance in preparing the revenue forecast. Thank you for the opportunity to provide this update.

Re: CHS Athletics Turf Field Signage Proposal

Attached please find a PowerPoint presentation prepared by CHS Athletic Director Dan Hart, proposing advertising as an additional revenue source to support the turf fields at Chelmsford High School and McCarthy Middle School. I have attached copies of School Committee Policies KHB and KHC that pertain to advertising in the school and/or on school property. Under these policies, the School Committee may grant permission for advertising of commercial products or services on school property. Mr. Hart will be present to review his proposal at the regular school committee meeting Tuesday evening.
ADVERTISING IN THE SCHOOLS

The School Committee may grant permission for advertising of commercial products or services in school buildings or on school property under guidelines or regulations it may approve. Otherwise, no advertising of commercial products or services will be permitted in school buildings or on school property. Publications of the school system will not contain any advertising. However, this will not prevent advertising in student publications that are published by student organizations, subject to administration controls, or the use of commercially-sponsored, free teaching aids if the content is approved by the administration.

Solicitation of sales or use of the name of the school system to promote any product will not be permitted by the Committee.

DISTRIBUTION OF MATERIALS AND ANNOUNCEMENTS

The Chelmsford Public Schools controls the right to distribute materials in the schools and on school property that can be interpreted as advertisement for private companies, public institutions, and non-profit organizations. All decisions should be based on written proposals. These materials will be screened and approved by the Superintendent prior to distribution (for example no flyers will be distributed for placement on any vehicle parked on school property). No materials may be disseminated to staff and students unless reviewed and approved by the Superintendent's Office.

Announcements made by the town may be distributed to parents through the school system, paper or website, with the Superintendent's approval. Such announcements include, for example, notices of recycling programs, civic functions, and the like. Political announcements may not be distributed through the school system. All other announcements that may also include nonprofit organizations such as scholarship funds, town committees, blood drives, scouts, athletic, and fund raisers only related to nonprofit organizations shall be reviewed and accepted for distribution upon review by and at the discretion of the Superintendent. Any distribution instigated by a private party shall be marked as such as to distinguish it from an official school department correspondence. All such materials shall be presented through the Superintendent's office and then to the building principal for approval and/or distribution.

The Chelmsford Public Schools controls the right to accept items that contain any form of advertising outside of school related programs, events, and extracurricular activities. Advertising on school grounds or the outside of school buildings must be reviewed and accepted by the Chelmsford School Committee. Gifts and donations that include advertising must be approved by the Chelmsford School Committee. Any advertising including any fund raising activities must support the mission, goals, and policies of the Chelmsford Public Schools. Appropriate advertising may be sold for school based publications.

Students and staff members are to be protected from undue intrusions on their time during the school day by announcements, posters, bulletins, and communications of any kind from individuals and organizations.
